Dear Patron,

You have just experienced a small aspect of life vicariously through me, Brian W. Priest. We hope you are pleased with your Experience® and wish to provide for all your Experience® needs in the future. We already offer an extensive library of locations on four of the seven continents and are working hard to add to the list of experiences every day. At Brian W. Priest Enterprises, we are building for a virtual tomorrow.

This simulated Experience® was brought to you by the friendly people at Vicar Entertainment. Remember to purchase a souvenir of your Experience® from the sales desk on your way out. Our souvenirs serve as excellent reminders of your chosen Experience® and make perfect gifts for those unable to participate.
